Dear Goethe-Institut Kolkata,

I hope this email finds you well.

Many Bangladeshi students face significant challenges in securing a visa appointment slot for submitting their visa files when applying to take the Goethe exam in Kolkata. Due to the high demand, students often have to try for several days to get an available slot. However, even after successfully securing a slot, the Indian High Commission is now requiring an invitation letter before processing the visa.

At present, Goethe-Institut Kolkata issues the invitation letter only 10 days before the exam. Unfortunately, due to this timing, students are unable to provide the necessary document to the High Commission in advance, resulting in visa rejections. When the invitation letter is issued, students are left with only 7–8 days to submit their visa file and obtain approval, which is not feasible given the limited slot availability. Many students start trying to secure a slot 20–25 days before the exam, so when they unexpectedly find an available slot, they urgently need the invitation letter.

In light of this situation, we kindly request you to arrange for the invitation letter to be sent at the time of exam registration. This will greatly assist students in securing their visa on time and avoiding unnecessary complications. Currently, visas are not being issued without the invitation letter, making it extremely difficult for students to attend the exam.

We sincerely hope you will consider this request and implement a solution to support Bangladeshi students in their Goethe exam registration and visa process.

Thank you for your time and cooperation.

Best regards,
Nafizul Islam

Dear Sir,

Thank you for your mail. We understand your concern.

The invitation letters are sent to all registered candidates approximately 7 days before the date of examination. Unfortunately, the same may not be sent after the registration as the booking process remains ongoing at that time.

Thanks and Regards,

Exam Registration Team

Goethe-Institut / Max Mueller Bhavan Kolkata

Thank you for your response. We understand the process.

However, as the registration will close on **February 13**, and the exam is scheduled for **February 28**, I kindly request that my invitation letter be sent on **February 14**. Alternatively, if that is not possible, please ensure that I receive it on the next working day after **February 13**.

I sincerely request your kind consideration in this matter, as I am unable to apply for my visa without the invitation letter.
