Subject: Motivation Letter for Indian Visa to Appear for Goethe-Institut German Exam in Kolkata

Dear Visa Officer,

I am applying for an Indian visa to take the B1-level German language exam at the Goethe-Institut in Kolkata. This certification is crucial for my academic and professional goals.

In Bangladesh, the Goethe-Institut Dhaka conducts exams only a few times a year, with approximately 60-70 seats per session, while over 500 students prepare each time. Due to this high demand and limited availability, securing a seat has become extremely difficult. As a result, about 80% of Bangladeshi German learners travel to Kolkata, where the Goethe-Institut Kolkata holds exams three times a month with more seating capacity.

Since October 2024, I have been unable to secure a seat at the Goethe-Institut in Dhaka. As a result, I registered for the Goethe German exam in Kolkata, scheduled for February 28, 2025. I have received the payment receipt and confirmation letter. However, according to Goethe Kolkata's policy, the invitation letter is issued only seven days before the exam. After contacting them, they confirmed that the invitation letter would be provided once the seat booking period ended, which closed on February 13, 2025.

Exam Availability & Visa Urgency:

- February 28, 2025: I have secured and booked a seat for the Listening module.
- March 18, 2025: Reading, Writing, and Speaking modules are fully booked.
- March 21 & 26, 2025: Registration opens on March 16 and 19, but I am unsure whether I will receive my visa in time, making it difficult to proceed with booking.
- April 2025: Registration begins in March. If I receive my visa by April 31 or by the first week of May, I can stay in Kolkata to complete all required modules.

I would like to clarify that I am not associated with any political party in Bangladesh and have no involvement in any activities related to political unrest or conflict, including any border-related incidents between Bangladesh and India. I am solely focused on pursuing my academic and professional goals through this language certification.

If I manage to secure a slot this time, I sincerely request you to consider my situation and grant me a visa. I have provided all necessary details truthfully to ensure transparency regarding my situation. I humbly request your kind consideration and approval of my visa application.

Thank you for your time and consideration.

Sincerely,
Nafizul Islam
